General Comments

CCO 314, SAMPLING AND TESTING A354 GRADE BD MATERIAL:

There is no work in the field on this operation today by ABF. For the Townsend Test (Test IV) for TR's 14-17, test rig setup work is ongoing. ABF is not working in the field today on any other operations this Saturday during the 3-day Memorial Day Holiday weekend.

INSPECTOR OT REMARK:

Office 4 hours: ABF is not working today. I am in the office reviewing plan sheets and preparing an estimate/schedule for the proposed round 5 of the Townsend Test (TR's 18 & 19; 2008 tested dry). This proposal was discussed yesterday in a meeting and it was request that I develop a cost estimate and schedule. The DJV also requested that I provide comments on the CCO sheets. To meet an aggressive schedule, plan sheets and a cost need to be approved soon, so this information needs to be provided by first thing next week. My shift and my OT hours are 1200 to 1600.
